

DATA SHEET

Rod Clamps Tightening Wrenches

DESCRIPTION: Pencil Rod Clamps / Form Buttons, available in 1/4" and 3/8".

APPLICATION: Rod Clamps are used in wall forming to hold pencil rod ties on the outside of the forming lumber.

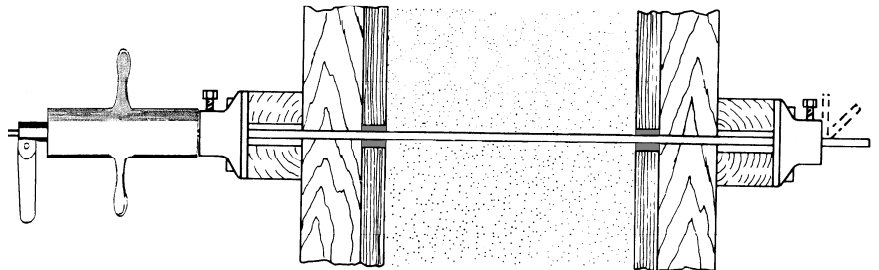

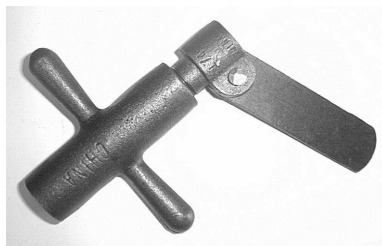

CODE	SIZE	SWL	WEIGHT	PACKAGE
ROD014	1/4"	1,125 LBS.	0.382 LBS.	100/BOX
ROD038	3/8"	2,250 LBS.	0.71 LBS.	50/BOX

SAFE WORKING LOAD = 2:1

DESCRIPTION: Pencil Rod Tightening Wrenches, available in 1/4" and 3/8".

APPLICATION: Tightening Wrenches pull the pencil rod tight, the rod clamps are then secured, and the rod is then bent up. Although this method is not very strong, it is a quick and economical way to meet certain concrete forming needs.
