

DATA SHEET

Tie Extenders Waler Brackets Liner Clamps

DESCRIPTION: Tie Extenders

APPLICATION: Tie Extenders convert a standard short end snaptie to a long end snaptie. This allows for the addition of periodic strongbacks to single waler forms, by using double 2x4's and a wedge.

PRODUCT CODE: TIEEXT
WEIGHT: .2 LBS. EACH
PACKAGED: 100 PER BOX

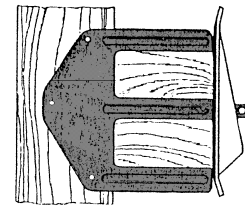

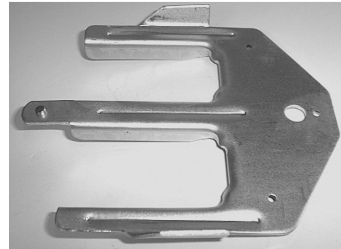

2,250 lbs. Safe Working Load
2:1 Safety Factor

DESCRIPTION: 2x4 and 2x6 Waler Brackets

APPLICATION: Waler Brackets allow double 2x4 or 2x6 strongback walers to be added to conventional single waler forms. Used with a wedge, these brackets are easily attached to single walers with nails, to add a quick and easy strongback.

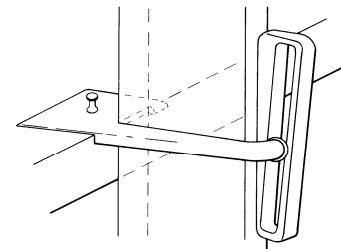

PRODUCT CODE: WLBR24
WLBR26
WEIGHT: 2x4: .88 LBS. EA
2x6: 1.0 LBS. EA
PACKAGED: 25 PER BOX

DESCRIPTION: Liner Clamp single strong backs.

APPLICATION: Liner Clamps allow single 2x4 strongback walers to be added to conventional single waler forms. These brackets are easily attached to single walers with nails, to add a quick and easy single strongback.
