

WALER BRACKETS

TECHNICAL DATA SHEET

DESCRIPTION:

2x4 and 2x6 Waler Brackets with a Galvanized finish.

APPLICATION:

Waler Brackets allow double 2x4 and 2x6 Strongback Walers to be added to conventional single waler forms. Used with a HD Snaptie Wedge, these brackets are easily attached to single walers with nails, to add a quick and easy Strongback. Nominal spacing is 4ft. on center.
