

BEAM CLIPS

TECHNICAL DATA SHEET

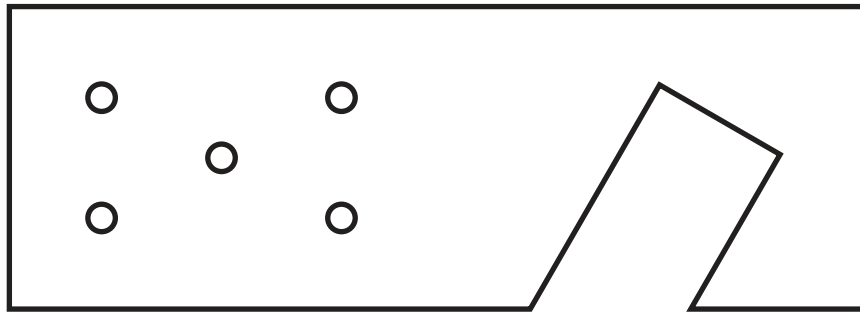

DESCRIPTION:

Beam Clips are made A36 Steel plate. The 1-3/8" cut is measured at a 60° angle. Provided with 5 1/4" diameter holes.

APPLICATION:

Beam Clips are used to lift I-Beams when attached to lumber forms.

- Our Beam Clips are CALTRANS Falsework compliant. Please refer to CALTRANS Falsework Manual Section 7-3.09 for compliancy details.

CALTRANS FLASEWORK COMPLIANT (SECTION 7-3.09)
