

HD PIPE SCREED HOLDERS

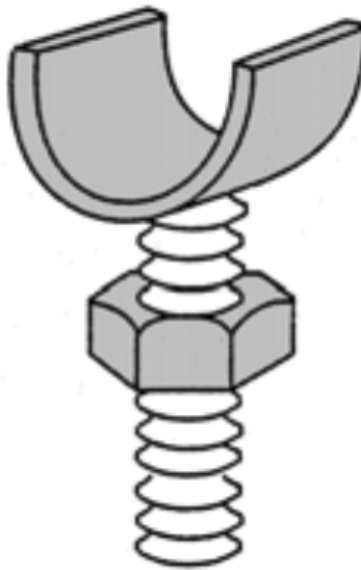

TECHNICAL DATA SHEET

DESCRIPTION:

Holds up to 2-3/8" pipe. Composed of high-tensile Coil Rod welded to a pipe-cut cradle that threads into a Screed Chair. Can also be used with a flat screed bar. Special sizes available upon request.

APPLICATION:

Pipe Screed Holders create a temporary rail for screeding, leading to a flatter finished concrete base. Useful when pouring concrete against walls or buildings. Assists in achieving precise levels of concrete to support pipe screed bars.

PRODUCT CODE	SIZE	WEIGHT
HDS344	3/4" X 4-1/4"	130.5 / C
HDS346	3/4" X 6-3/4"	196.0 / C
HDS349	3/4" X 9-3/4"	227.9 / C
HDS104	1" X 4-1/4"	170.0 / C
HDS106	1" X 6-3/4"	246.0 / C
HDS109	1 X 9-3/4"	300.0 / C
